SMITH WINS RACE FOR MAYOR

Some people talk as if they thought that everybody is more or less crooked now. The remark is often made that "Everybody has his price." Apparently dishonesty has become very prevalent in both business and politics. People say "Get money, honestly if you can, but anyway get it."

These ideas are no doubt exaggerated. We all know plenty of good people whose honesty we can absolutely trust. Still, there is a startling growth of crooked practices, which are menacing to the public welfare.

People call on the schools to teach honesty to the young people. They should lay stress on this vital point. Parents should do their utmost to convince their young that they will get nowhere by dishonest practices. If boys and girls are constantly told by parents and teachers that dishonesty is a yellow and dirty thing, and they will merely gain the contempt of the world if they resort to such tricks, much will be done to bring up clean and square young folks.

Business concerns can promote this cause by making it clear that they will not tolerate dishonest employees. If a boy asks for a job, it would be well to ask not merely whether he is smart and a good worker, but whether he is honest. If he has a record of cheating in the things he has previously done, the chances are he will try to cheat some new employer and the public. The boy who had a habit of cheating in school, raises the question whether he can quit that habit when he goes to work.

When a young person with a crooked taint finds it hard to get a decent job, the younger generation will conclude that honesty is the best policy.

Seventy-five years ago, when Abraham Lincoln had reached his fifty-third birthday, he had just begun his fateful journey to Washington to be inaugurated President of the United States. The span of human life in the intervening years has been crowded with events in this country, which have reacted powerfully on world history.

As the nation, which was forever unified by Lincoln's inflexible determination and unwavering will to victory in the Civil war, has grown in every element and quality of greatness, the dominant figure of Lincoln retains its heroic proportions.

American democracy first took him to its heart as one who had sprung from the people and was always proud to avow himself one of these common folks. Research into his family origin and early personnel history have established his right to be regarded as the finest flower of democracy in America.

Lincoln's example has been an inspiration to American youth, an encouragement to manhood to fight against any obstacle that might have a tendency to dishearten the toiler in the struggle for life. During the three score years in which Lincoln's life-story has been familiar in foreign lands the lovers of liberty have invoked the Great Emancipator as the outstanding exemplar of the possibilities of untrammeled democracy that the world has known.

In such circumstances it is not surprising that the American people cherish Lincoln's memory with jealous love and veneration.

As July and August are the high tide of outdoor life, so January and February are the peak of social and organization activities. The land resounds with the music of dances, the hum of social conversation, the cheerful efforts of philanthropy.

Through the mid-winter months, the people are carrying on a host of activities that gave them happiness, and which add countless benefits to the community.

Whatever faults the American people have, there is no danger that they will stagnate. The bears and wolves may hibernate in winter, and live only semiconscious lives. In some remote countries, the people do likewise. But those cool months put energy of life into our people. They carry on

LATE NEWS FLASHES

ASKS BONUS

Claude R. McCarty is the first world war veteran to ask for his bonus. Application was filled out by J. R. Hays, local postmaster. McCarty received the blank along with his compensation check. The local Legion post has opened headquarters in the Clore Tailor Shop.

BAPTIST LAYMEN

Ray Duckworth, educational director of the First Baptist Church, announces a meeting of Baptist laymen from 22 churches in Milam County to be held here Friday, February 14. Among the speakers will be Dr. R. T. Wilson of the Brindley Hospital in Temple.

N. D. TIMMERMAN GOES TO MISSISSIPPI

Rev. N. D. Timmerman, who has been pastor of the First Baptist church in this city for the past five years, has resigned to accept the pastorate of the First Baptist church in Clarksdale, Mississippi.

Rev. Timmerman offered his resignation to the church here on Sunday to become effective February 16.

Rev. Timmerman attended the University in Greenville, South Carolina, received his M. A. degree from Texas Christian University, Fort Worth, spent five years studying in the Southwestern Seminary, Fort Worth and is now completing his Ph. D.

Bob Young Scores With New Sign For Citizens Bank

Something of a triumph has been scored by Bob Young, a local boy and advertising expert in construction of a large sign for the Citizens National Bank on Highway 44 leading into Cameron from Ben Arnold.

The sign, a very large one, was designed by Mr. Young who was retained by Phillip Reid, advertising director and cashier of the bank. Thousands of red reflectors enable travelers to see the sign for miles at night. Mr. Young has achieved wide recognition for this good piece of work, solely designed by him.

I. G. BRADEN, 12, IS BURIED ON MONDAY

Funeral services for I. G. Braden, 12, of this city were conducted from the Methodist church Monday afternoon at 3 o'clock. Rev. J. Coy Williams, pastor, conducted the services. Interment was made at Burlington.

Young Braden, a student in Ada Henderson School, died after a week's illness of pneumonia. He had lived here with his parents during his lifetime, attended school here and was an active member in Sunday School.

Surviving are his parents, one brother and one sister.

Rogers Man Named Old Age Pension Director Over US

W. S. Baugh of Rogers has been named District Supervisor for the Old Age Pension Administration with Milam County in his district. Headquarters are to be in Austin.

Milam county is placed in District 9 and is one of 12 counties. Whether a local Old Age Pension Administrator will be named was not learned at the time this issue of the Herald went to press.

Judge Jeff T. Kemp has offered office space here and was trying Wednesday to ascertain whether a local man would be named as a convenience to local aged.

countless useful activities for which they would lack spirit amid the heats of summer.

Mayor Smith Returned To Office

Mayor Chas. C. Smith is shown here in a recent photograph slicing a giant cake of cheese for the Kraft Cheese Company now building a plant in Cameron. Mayor Smith was returned to office Tuesday in the Democratic Primary election on a platform of public ownership of utilities.

Newton For Senate Would Succeed Poage at Austin

Dr. W. R. Newton, of Cameron, widely known surgeon and Democratic leader, is a candidate for State Senator from the 13th District, he announced officially here today.

His entry into the race to succeed Senator Bob Poage of Waco, followed several weeks in which his name had been prominently mentioned and disclosed that he had been widely sought as a candidate from all sections of the district.

Dr. Newton was born on a farm near Harrison in Boone County Arkansas. He graduated from Harrison High school, later teaching for six years in the public schools of Arkansas, before entering Medical College at Memphis, Tenn. Being a poor boy from a farm in the rolling hills of the Ozard country, he worked his way through Medical College, graduating and receiving his Medical Degree with honors in 1899 at Memphis Hospital Medical College.

His father was the late Major George W. Newton, a Confederate soldier under General Price and fought in the memorable Missouri Raid which is one of the most spectacular in our history.

UNDER THE COURT HOUSE DOME

By Berenice McLerran

"There's one thing to think of when you're blue,

There are others much worse off than you"

These words are in the song "Keep Your Sunny Side Up," and it is a mighty nice song to learn to sing, especially when a person has a job, a home, loved ones, and good health, has the habit of bemoaning the fact that he doesn't have more.

A scene as the one in district court here last week certainly made one want to stop and count his blessings.

The man's footsteps sounded heavily on the stairs as he slowly climbed them. Just ahead of him he knew he was facing an indictment which would send him to prison, but from his appearance that indictment did not matter. He wanted comfort. He had ceased to care what the world thought of him. He sank heavily in the chair facing the judge. Coughs racked his lungs. He was slowly dying of pulmonary tuberculosis. He pleaded guilty to the charges, and received two years in each case of the two cases of forgery and passing, his sentence to run concurrently. The judge had him committed to a state prison hospital.

The convicted man had a wife and four children, who were homeless and thrown on the mercy of others.

Now, let's count our blessings.

W. C. (NIG) MOODY FOR DISTRICT CLERK

W. C. (Nig) Moody, popular and well known Milam county man, is a candidate for District Clerk subject to the nominating primary to be held on Saturday July 25, 1936, by the Democrats.

While Mr. Moody has been campaigning for some time in all sections of the county, he did not make his formal announcement for publication until Wednesday when he authorized the newspapers to publish it.

Mr. Moody said that he wanted to express his appreciation to the hundreds who have pledged their support and responding to the many who have already declared for his candidacy, he feels deeply grateful and begins his race with unusual encouragement.

Mr. Moody, known to hundreds as (Turn to page 12)

ROLL CALL SERVICE FOR PRESBYTERIANS

Definite preparations are now under way for the annual roll call service of the local Presbyterian church Sunday, February 16th at eleven o'clock. The former date was set aside on account of the prevalence of meningitis. Presbyterians count this service as a high light in the year's program. Never has the church failed to turn out in large numbers since this unique custom was begun.

Judge Graham Gillis, clerk of the session is preparing the roll to call out three hundred and twenty-five names. It is hoped that a possible 99 per cent attendance can be counted on from the resident membership. Special music will be rendered. The Lord's Supper will be served. Many friends of the church have inquired as to the nature of such service and the pastor and members invite members of other denominations to sit on this occasion and enjoy the fellowship of this unique service.

UTILITY ISSUE PRESSED NEW ALDERMEN NAMED

Mayor Chas. C. Smith, fiery advocate of public ownership of Utilities, won an impressive victory at the polls Tuesday as the Democratic nominee for Mayor of Cameron, and along with him goes a majority board of Aldermen supporting his stand against private monopoly on these industries.

Alderman Bass, Horstmann and Schiller, the latter being nominated in the Primary Tuesday, all favor public ownership of utilities. Withdrawal of an application filed in August, 1935, with the government for a grant on light and water utility plants by Alderman, Green, Terry and McDermott, led the attack by Mayor Smith and became an issue in the campaign which closed Tuesday with the election. Mayor Smith was sustained by the people.

Leland Green, alderman, was a candidate for Mayor opposing Smith. The race was close with Mayor Smith winning by a majority of 77 votes. The vote was: Smith 613 and Green 536.

E. O. Schiller, druggist, defeated Bob Terry who was attacked by Mayor Smith and driven from office as a result. Mr. Schiller favored public ownership of utilities in the campaign but made only one statement. His majority over Terry was 230 votes. The vote was: Schiller 687, Terry 457.

Mayor Smith climaxed his campaign with a mass meeting Monday night in the court house where he attacked the three Aldermen who voted to withdraw the public utility application. He took the circular issued by the aldermen and made detailed reply. The court room was packed and Mayor Smith was cheered.

As a result of the election Tuesday two new faces appear in the picture. Roy Griffith running without opposition was elected to the Board of Aldermen and E. O. Schiller by reason of his victory and the defeat of Leland Green becomes the other new member on the board.

Tyson Wins
Dan Tyson won a smashing victory over Sol Sider when he received 1033 votes and Sider 105 votes. Mr. Tyson was appointed to fill out the unexpired term of J. C. Joseph, deceased as Secretary and Treasurer. His nomination gives him the first full term in this office.

The race for city marshal was second in interest to the race for Mayor. Gene Smith's campaign for a second successive term in the office was impressive enough to eliminate both opponents and give him a clear majority of 165. No run off will be necessary. L. L. Blaylock, former sheriff, was defeated almost two to one by Smith. Barton Brown got 97 votes to trail in the race. The vote was Smith 613; Blaylock 385 and Brown 97.

W. H. Stafford was unopposed for assessor and collector of taxes. Bill Morrison was re-elected city attorney without opposition. Roy Baskin was re-elected chairman of the Democratic Executive Committee for the city with the committeemen as follows: W. B. Skelton, S. A. Cottle, A. J. Triggs and Elwood Cammer.

Homer Peel Back In Texas League

Homer Peel, who got his baseball start with the Cameron Comets and was once a member of the Telegram's Central Texas amateur baseball league, has been purchased by the Fort Worth Cats from Rochester. Peel was formerly with the New York Giants.

Dusty Boggess, due to be an umpire in the Texas league this season, visited with Peel in Cameron recently and gives him a good send-off with Fort Worth scribes.

"Peel is happy over getting a chance with Fort Worth," Boggess said. "He's not as old as most believe. He's my age, 31. You won't have to worry about left field with him around. I'll predict that he hits around .330 and will drive in more than 100 runs."

Gene Wins

Gene Smith, city marshal, won a sweeping victory in the election Tuesday for the nomination for marshal.

Leonard Blaylock, veteran peace officer and former sheriff, and Barton Brown, both running for the place, took a ballot racing from the picturesque Smith who was asking for his second successive term.

Smith got a majority of 165 votes over both opponents. His vote was 647. Blaylock received 385 and Brown got 97. Smith has served four years as marshal and this new term will give him six years as head of the police.

How Much Does a Nation Owe Its Veterans?

Passage of the bill providing for the immediate payment of World War adjusted service certificates and for the cancellation of unpaid interest on loans secured by such certificates by Congress over the veto of President Roosevelt, marks the end of a long struggle.

Payment of the soldiers' bonus cannot be considered a partisan political issue, in view of the fact that bills providing for such payment have been voted by every President to whom they have come, including the Republican predecessors of the present Chief Executive.

Now that the soldiers will get their money just as soon as government agencies can provide the bonds, it may be well for citizens everywhere to understand a few facts in regard to the treatment of the veterans by the United States government.

No right-thinking citizen questions the propriety of, or objects to the taxes necessary to, adequate and generous care for the physical well being of disabled veterans. Nor is there any objection whatever to the government's standing in the stead of those who lost their lives and filling the role of financial father and husband to the dependents. The care of the wounded and their dependents, together with those who unfortunately suffered the loss of their breadwinner through the war, is an obligation placed upon the government that is cheerfully assumed by all loyal Americans.

Quite a different issue is raised in regard to the veterans who returned from their participation in the war sound in every respect and without any disability whatever because of their service. These men mingle again with the civilian population of the nation and become American citizens, and in the words of President Roosevelt, in his veto message of 1934, "should be accorded equal privileges and equal rights to enjoy

life, liberty, and the pursuit of happiness. No less and no more." To think otherwise would be to create a special class and to place war service to the nation on a higher pedestal than that accorded to the peace-time achievements of millions of hard-working reputable Americans.

Much of the opposition to the payment of the bonus centered around the conviction that once this amount was paid there would arise a new campaign in behalf of the veterans to demand from Congress general pension legislation for all veterans, regardless of age and necessity. No gift of prophecy is required to yield to this assertion because the past history of the United States plainly points the course and activity of veterans' organizations. Members of Congress will become the targets of propaganda and the objects of political threats, with the result that Congress will continue, in the future, to do as it has in the past and yield to the organized pressure of a minority that insists upon special favors.

Apparently, some of the leaders of the three veteran organizations which led the fight for the bonus realize the suspicion with which many people regard their future intentions. Calling attention to the end of the bonus fight, they urge the enactment of a universal service law, and say that if those who oppose the bonus "will join us in this fight, they need fear no more bonuses." One of them, James F. van Vandt, said that he did not believe there would be a general drive for service pensions, as opponents of the bonus payment have predicted.

From other sources, the idea is prevalent, nevertheless, that in the early future the nation will witness a renewed drive on the part of veterans to compel the payment of outright pensions. At first, the drive will be launched to take care of widows and children whose deceased husbands and fathers served the country during the war. This will be the start and subsequently the drive will be broadened to include every individual who had anything to do with the uniform or colors during the world war.

The American people might as well face the future and consider the justice of such demands. Moreover, they might figure out the cost of such a program and the possibility of providing such pensions. Sooner or later the demand will arise and unless public sentiment is mobilized, general service pensions are extremely likely to become a fact.

About Merchandising Today.

Merchandising, some years ago, involved the possession of goods that the buyers of a given area was accustomed to use.

The successful merchant in many agricultural sections, was one able to advance credit to his customers through an ability to finance his own trade.

The art of merchandising has developed some new techniques recently but basically it rests upon the same fundamentals. There are merchants everywhere, however, who have exhibited a tendency to overlook them.

For example, installment selling is a new credit technique—that's all. It has made the automobile. Without it, there would be no market for the millions of vehicles manufactured in this country.

The Herald is interested in building up the retail trade of all towns and cities in Milam County and it therefore suggests that some adequate credit facilities, including time financing, would help to meet the competition of mail order concerns that do this very thing.

About Success.

There seems to be spreading throughout the land an idea that men and women achieve success through the operation of government rather than by patient persistence in honest endeavor. This mistaken view is facilitated by the fact that some government legislation has created private fortunes and probably also by the experiences of the past few years, during which many Americans have looked to their government for the necessities of life.

The readers of the Herald especially young men and women, should not be misled in this respect. They should realize that worthwhile success is achieved almost exclusively through personal endeavor. After all is said and done, the vast majority of business successes owe their growth to one or more rare individuals who give to the enterprise a contribution that includes not only physical effort but superior intelligence and the wisdom that arises from the intangible thing that we call character.

There Are Other Things In Life.

The average citizen of Milam county is no doubt interested in the political events that occur in the United States, which is quite proper considering that the theory of our government involves an understanding of the issues by every voter.

There is a tendency, however, for the individual to become intensely interested in the outcome of political campaigns, involving issues that seem transcendent, and to drift into a state of mind which magnifies the importance of the outcome.

While it is right and proper for every American to pass judgment upon every national administration, there is no occasion for them to divide into bitterly hostile groups or to permit politics to entirely overshadow the other values in life.

Reading Provokes Thinking.

Among the 1936 resolutions that you probably forgot to make ought to have been one that you would read a sensible book, on a sensible subject, at least every month.

When a man or woman takes a year to write a book on any subject, those interested in the topic ought to be able to stand the work for several hours, without brain fog.

There are entirely too many people in Milam county who take it for granted that they can learn everything that is worth knowing from current comment related by gossiping friends.

Thinking is what makes people amount to something. The more the people of a community think the better and the more prosperous that community is. You needn't ask us to prove that statement. We haven't the time and doubt if we have the brains, but it's the truth, all the same.

Once Upon a Time.

Once upon a time there was a man, who lived in a town, and spent all his money away from home. He was sure that he could take care of himself, and that his town didn't mean anything to him.

After a few years, his business was not as keen as he had hoped it would be, his friends did not seem to think he was quite as important as he thought he was and trade seemed to flow by his doors.

He began to watch his competitor, who he found was an intelligent advertiser, a contributor to the public purse, a man anxious to give some of his time and thought to community projects, and a believer in the fact that it pays to keep money at home, where it can keep floating around between the stores and businesses there.

And, after noting all these factors, he continued to wonder why some of his old customers went to the new concern, and why almost everybody had the idea that he was a tightwad and his competitor a public-spirited leader of community life.

Pat M. Neff

Hon. Pat M. Neff, president of Baylor University, has been elected a member of the board of directors of the Texas Power & Light Company. This announcement was made by John W. Carpenter, president and general manager of the power company.

In making the announcement, Mr. Carpenter said that he was gratified to have Mr. Neff on the board of the company because he recognizes his broad experience as qualifying him to weigh the various matters coming before the board of the company and to arrive at sound and equitable decisions in the policies and management of the company.

Other directors of the power company are Nathan Adams, Dallas; E. L. Ashcroft, Sulphur Springs; Tyree Bell, Corsicana; W. R. Brents, Sherman; Baker Duncan, Waco; E. B. Carruth, Jr., Kerrville; Dr. L. L. Edwards, San Marcos; S. G. Gernert, Taylor; Thomas Johnson, McKinney; Ernest L. Kurth, Lufkin; Maury Robinson, Paris; A. S. Rollins, Greenville; Dr. A. C. Scott, Temple; Gus F. Taylor, Tyler; H. L. Seay, John W. Carpenter, W. B. Head, W. H. Thomson, J. E. Van Horn and Joe A. Worsham, Dallas.

Service Club Needed.

Service clubs in many municipalities of the United States are awakening thousands of citizens to civic consciousness.

Where men merely live in a community, form their opinions as individuals and never get a chance to rub elbows with their fellowmen, there is not apt to be found any real progressive spirit.

Many towns and cities have discovered that the commercial organization, important as that is, does not include a wide area of activity that is available to men who wish to improve their home town. In fact, one of the chief results of the so-called service clubs is that they afford a regular opportunity to leading citizens to meet and talk things over.

It is the idea of The Herald that, regardless of size, very few communities are able to be without some organization of the type referred to. Wherever one can find fifteen or twenty men, willing and able to meet regularly, there is ample opportunity for the formation and continuance of a real service club.

Predicted Two League Wars.

The recent death of Frank H. Simonds recalls his rise to world fame as an authority on international

affairs. Mr. Simonds, before the World War, studied military affairs and international policies and even devoted several vacations to walking tours over the ground where the armies struggled in France.

When the war began he wrote explanatory notes to the meagre press dispatches and with uncanny skill directed attention toward coming events. In a word, he was prepared to explain the fighting when so many Americans hardly knew what it was about.

Just before his death Mr. Simonds wrote an article for Current History, a magazine devoted to world affairs. After reviewing the events of 1935 he pointed out the danger of a League war against Italy and predicted that it would be followed, in all likelihood, by another against Japan.

In such struggles there could be only one result, the triumph of the League and its emergence as a fighting machine ready to enforce peace in the future. The idea may be fantastic, after all.

When a bank accepts deposits

—it enters into human relationships
that make it unique in business life.

It assumes toward its depositors an obligation to safeguard the funds placed in its keeping, with all humanly possible diligence. It assumes toward its community the obligation to employ those funds, through good business loans and advances for sound public financial requirements, to serve the vital needs and broadest welfare of the community. It assumes toward its stockholders the obligation to protect their capital and earn a fair return.

Sound, honest management offers the only way to meet these three obligations. There are no substitutes for them in banking laws or financial practices.

EDITORIAL

Many of the students of Yoe High seem not to appreciate our chapel programs. Providing programs interesting and beneficial to pupils calls for originality and a great deal of effort. Mrs. Posey bears this responsibility, and the enjoyable and varied programs of this year have been the result of her leadership. Some of us sit through programs and never offer applause. Applause is cheap but it is appreciated by the performers. We should offer it more freely.

SCHOOL BOARD HONORED BY SCHOOL

The assembly program Wednesday January 29 honored the seven members of the school board, Dr. T. E. Crump, Dr. W. R. Newton, Senior Mrs. Giles McDermott, Mr. H. H. Stedman, Mr. J. C. Martin, Mr. Frank Lesovsky and Mr. Rush Thomas.

E. A. Perrin introduced the program with remarks concerning its purpose. The Cameron band, directed by Francis Cox and enlarged by the addition of former junior band boys and girls, played five numbers.

SCHOOL BOARD GUESTS AT LUNCHEON

Following the assembly program in their honor January 29, six members of the Cameron school board, with E. A. Perrin, superintendent, and W. C. Wiese, principal, were guests at a luncheon in the home economics dining room.

Adele Slama, Virginia Lindle, Margaret Martin, Virginia Weems, Iva Earl Heath, and Juanita Thomas, all advanced pupils in the home economics department, served to Mrs. Giles McDermott, J. C. Martin, H. H. Stedman, Rush Thomas, Dr. T. E. Crump and Frank Lesovsky, members of the board; and to Mr. Perrin and Mr. Wiese the following menu:

JUNIORS TO PRESENT PLAY

A four act play, "Oh Susan," will be presented Friday night, February 14, at 8 p. m. in the Yoe High School auditorium. This play is to benefit the Junior-Senior Banquet.

The cast of characters is selected from students of the Junior class who have showed much talent in previous performances. They are Charles Ed. Hensley, Frances Terry, Vivian Whitas, Virginia Freeman, Patricia Batte, Woodrow Lange, Cuthrel Heath, Ella Bess Haygood, Victor Walzel and Edith McGee.

The play is deeply interesting, depicting society people getting mixed up with gangsters and the effect is very comical. The admission will be 10c for children and 15c for High School pupils and 25c for adults.

The play is under the direction of Miss Elizabeth Lanham and Mrs. Gladys W. Hefley.

Belton H. E. Club at a district meeting Saturday.

The program began with a session at ten a. m. and was concluded with a tea given by the Mary Hardin-Baylor College H. E. Club at Hardy Hall at two p. m. The program for the entire meeting was built around the subject of historic events in Central Texas.

The trip to Belton from Cameron was made by bus. Towns from all over the district were represented. Cameron had many more representatives than other towns, in fact as many as Belton itself. As a result of the trip, the Cameron Club hopes to organize a more active Future Homemakers Club.

CONSTRUCTION OF ENTRANCES BEGUN

Work on the stone entrances at the athletic field was begun last Saturday morning. There are to be three entrances built of petrified wood which will lead into the athletic field. Also the foundations of the additions to the negro school have been laid.

100 Years Ago

Our grandfathers used their eyes to see at a great distance. Hunting game, watching for the hostile Indians required keen vision for the distance. Few papers, few magazines. Now it is typewriters, radios, delicate machinery—all require close vision. There is where eye strain comes in. Your distant vision might still be normal—but when you sit down to close work for hours you strain your eyes and sometimes headaches develop. This is when you need help. Many times properly ground lenses afford you this relief. In my office will be found the very best equipment for examining your eyes.

THE WATTS FAMILY

Works for You

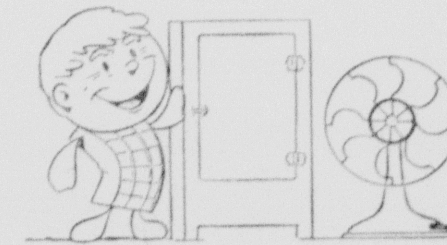

GLOWY WATTS... This gay chap takes care of lighting all through your house. One of his slogans is "Better Light for Better Sight." The radio is also one of his jobs. He might be said to be the arch enemy of Darkness and Gloom.

HOTSY WATTS... Where there is electrical heat, there is Hotsy. She irons, cooks, percolates coffee, bakes waffles, warms your feet with the heating pad, and curls your hair. She's a "hot" number when it comes to work, as housewives know.

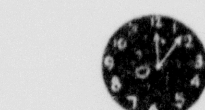

TIDY WATTS... One look at this prim Miss and you just know she does the cleaning of rugs, draperies, and furniture with the electric cleaner. She washes clothes, washes dishes, and dries them, too. Then she has the constant task of keeping time by the electric clock.

COOLSY WATTS... His name tells a part of Coolsy's story. He kicks up the cool breezes with the electric fan, and the new Attic Ventilator. He keeps the electric refrigerator cold, protects your food and your health. He operates the room coolers, and Air Conditioners.

DAY AND NIGHT

With CHEAP Electricity

SAVING your time... your energy... your money. Adding leisure hours to your days... convenience to your work... health to your family... joy to your living, by means of Cheap Electricity.

The Watts are at your command *all the time*. In many instances they work hours at a time without your directing them at all. For instance, Hotsy Watts cooks whole meals while you are away from home; Coolsy Watts refrigerates food constantly, even when you are miles away; Tidy Watts keeps accurate time day after day, month after month; and Glowdy Watts brings a variety of radio programs while you listen, worry-free and relaxed.

Think of the hours you spend reading, sewing, playing games, or visiting while Glowdy Watts supplies you with Better Light for Better Sight.

If you are not making full use of the Watts Family you are missing much of the joy of living. Give them a "Thirty-day Full-use Trial" in your home. Use them in every way. You will be amazed at the number of jobs they can do.

You will be pleased at the small cost. Demonstrate to yourself that the Watts Family is the most useful group of servants for you... and, that their wages are the lowest in history.

"RIFFRAFF"

With SPENCER TRACY

Una Merkel • Joseph Calleia

At Cameron Saturday

Jean Harlow in "Riffraff" At Cameron Saturday

Down-to-earth drama of vital human emotions in a setting as robust as it is new.

Jean Harlow and Spencer Tracy as a new romantic team.

Miss Harlow in the ruffian role of the first time since her celebrated portrayal of "Red Headed Woman."

A supporting cast headed by the screen's first-ranking comedienne, Una Merkel, and Joseph Calleia of "Public Enemy" fame.

A group of outstanding players, including Victor Kilian, Mickey Rooney, J. Farrell MacDonald, Juanita Quigley, Paul Hurst, Vince Barnett, Dorothy Appleby and Judith Wood.

Directed by J. Walter Ruben from a powerful story by Frances Marion, H. W. Hanemann and Anita Loos.

This is a quick summary of "Riffraff" to be shown at the Cameron Theatre February 7 and 8 as one of the exceptional features on the new Metro-Goldwyn-Picture program.

"Riffraff" is a story of a girl and her gal—elemental, vital, earthy people. They live and work on the waterfront, and that is their world. What they lack in book education they make up in wisdom taught in the world's greatest school—the streets.

Hattie is the belle of the waterfront, a wise-cracking, hard-talking, soft-hearted, blantly vital girl who has her own strict standard of morals and her own unique method of retaining them. That's Harlow.

Dutch Miller is a bombastic, egotistical, loud-talking fellow, who thinks the world is his oyster and that all women in his world were created especially for him. He regards himself as a leader of men, and does not know that his associates respect him for his brute strength and not, as he believes, for his superior intelligence. That's Tracy.

These two people fall in love. And when they fall in love the fireworks

begin. Harlow, knowing intuitively that it would make Tracy completely impossible, has to conceal from him the fact that she is blindly, dumbly, madly in love with him. She masks this adoration by fighting with him every time she feels herself "going soft."

They have a romance as usual as it is elementally sincere. Every scene which begins with any degree of tenderness ends in a fight. Every scene which begins in a fight ends with a sincere, if embarrassed demonstration of affection.

This is no society drama, no polite badinage of the drawing room. This is a love story without a word of love, a romance as savagely elemental as the environment in which it takes place. Add together "Red Headed Woman," "Red Dust" and "Hold Your Man," then think of a young "Min and Bill"—and you have some idea of the powerful drama which is "Riffraff."

The emotional depth which Harlow demonstrated in "China Seas" which made her the talk of every theatergoer in the nation, has an even greater outlet in this new picture. For Tracy, it climaxes a series of performances of red-blooded intensity, giving him the greatest role of his career, not excepting "The Power and the Glory."

NOTICE IS HEREBY GIVEN that John Shiller, guardian of the estate of Milton Shiller and Annie Shiller, minors, on the 20th day of January, 1936, filed an application in the County Court of Milam County, Texas, where said guardianship is pending, for an order authorizing him to execute an oil, gas and mineral lease covering the undivided two-tenths interest of said minors in and to that certain tract or parcel of land situated in McMullen County, Texas, containing 80 acres, more particularly described as the North Half of Block Five of the Borchers Ranch Subdivision of the James Garner league, which application will be heard by said court on the 14th day of February, 1936.

To help you AVOID COLDS VICKS VA-TRO-NOL*

Quick!—At that first nasal irritation, sniffle or sneeze—just a few drops of Va-tro-nol. It stimulates the functions provided by Nature—in the nose—to prevent colds and to throw off colds in their early stages.

Where irritation has led to a clogged-up nose (a stuffy head cold or nasal catarrh) Va-tro-nol penetrates deep into the nasal passages—reduces swollen membranes—clears away clogging mucus—brings comforting relief.

Va-tro-nol is powerful, yet absolutely safe—for both children and adults. It has been

clinically tested by physicians—and proved in everyday home use by millions.

*Note—for your protection: The remarkable success of Vicks drops—for nose and throat—has brought scores of imitations. The trade-mark Va-tro-nol is your protection in getting this exclusive Vicks formula. Always ask for Vicks Va-tro-nol.

THERE'S A REAL TREAT AWAITING YOU—

If You Haven't Seen These Two New John Deere General Purpose Tractors

We know what you'll say when you see them—just what everybody else says—that John Deere has set an entirely new standard for row-crop tractors with these outstanding new models.

The Model A General Purpose is a two-plow tractor for handling all types of work on the average-sized farm. It is a light-weight tractor with adjustable wheel tread; centered hitch in plowing;

full-view, effortless vision in cultivating; easy, positive steering; platform and seat for standing or sitting, and four forward speeds.

The Model B General Purpose is for the lighter farm jobs. It is a smaller brother of the Model A—pulls a one-bottom plow, a two-row cultivator—the latest addition to the John Deere quality line of money-saving, two-cylinder, distillate-burning tractors.

Come in and see for yourself what remarkable values these new tractors offer you. One of the two sizes will fit your needs.

COMING! ANOTHER M-G-M MUSICAL DELIGHT JEANETTE MACDONALD NELSON EDDY in "ROSE MARIE"

What is the Physical Education and Vocational Building

By E. A. PERRIN
Superintendent of Schools

The Physical Education and Vocational Building is a public free school building to be placed on property which is north of the Ada Henderson and Yoe High and between the two. It is a building 100 feet by 150 feet and will house three Home Economics rooms, four Music rooms, have a combination auditorium and gymnasium with a seating capacity of 1500 when used as an auditorium and a permanent seating capacity of 750 when used for athletic purposes. In addition to these features, above the Home Economics rooms there will be a hall space, 30 feet by 100 feet, which can readily be converted into three additional rooms as they are needed. There is also a stage which is 20 feet deep and 60 feet in length, with a proscenium arch of 40 feet. Beneath the bleachers in the auditorium, the dressing rooms are located with 10 showers for boys and 9 for the girls with ample dressing space and individual clothing baskets for 250 pupils.

WHY DO WE NEED A PHYSICAL EDUCATION AND VOCATIONAL BUILDING?

The present enrollment of the Yoe High School is considerably greater than it was ever intended that the building should serve. Over-crowded conditions necessarily decrease the efficiency of any system. Inadequate facilities for any system, a certain undertaking handicaps its success. The State of Texas by law requires that we instruct every pupil in high school who is not physically incapacitated in physical education. The Yoe High School offers a very meagre opportunity to instruct the boys in Physical Education through a small room and six showers, but this room is hardly larger than a dressing room, besides the location is such that if a program in Physical Education is attempted in this room it immediately becomes a hindrance to instructions in all the other rooms on the north side of the building as the noise of necessity takes from the efficiency of instructions in these class rooms. The girls have no facilities at all for

Physical Education. They have no dressing room except the girls toilet room and no showers at all. Under these circumstances it is absolutely impossible to attempt an efficient program for Physical Education for the girls.

On the third floor of the Yoe High School there are three music rooms. Two are occupied by piano teachers and one by band instructor. These are essential to a modern school program, but anyone will concede that the disturbance caused by the same prohibits the efficiency of instruction in the adjoining class rooms. If the above enumerated handicaps to efficient instruction in Yoe High School are removed from the High School Building, as they will be if the Physical Education and Vocational Building is constructed, I think it is a conservative estimate to state the efficiency of instruction in the Yoe High School will be increased 25 per cent and the efficiency in the instruction of the Physical Education Program will increase 50 per cent.

WHAT DOES THE PHYSICAL EDUCATION AND VOCATIONAL BUILDING COST?

If the bond issue for \$36,000 carries, the Government will supplement it by an outright gift of \$19,800 to the City of Cameron which does not have to be repaid by the City of Cameron as such.

This \$36,000 distributed over a period of 15 years is a very small price to be paid for the increased efficiency of your educational system. Those individuals who render \$1000 worth of property will pay \$1.50 per year on this building, a \$2,000 assessment will draw a \$3.00 tax and a \$3,000 assessment will draw a \$4.50 annual tax. From this you will see that the great majority of people will never pay more than \$3.00 per year for this building.

A building can hold only a definite number of pupils. The capacity of Yoe High School is already taxed beyond the point of efficiency. The growth for a few years can be crowded into the Yoe High Building but with decreased efficiency until the growth will finally in the next few years make it absolutely necessary that Cameron build another building for school purposes. When that time comes, in all probability, the cost of materials and the cost of labor will be increased, and it is quite sure that the \$19,800 gift of the government will not be available.

It seems that the cost of this building will be less to the citizenship at this time than any other time to come.

Your vote for this building is solicited not because it will serve a selfish desire of the superintendent, but for YOUR CHILDREN in order that an educational program may be carried successfully to their best interests.

BEER OFF; TOBACCO UP

London.—According to a report from the customs and excise authorities, the consumption of beer and spirits dropped considerably during the ten year period, 1925-35. However, the consumption of tobacco has risen nearly a sixth, of ten about one-sixteenth and of cocoa about one-thirtieth.

From The Mail Box

To the Editor:

Under date of January 9, 1936, there was carried an article in this paper, under the title "From the Mail Box," wherein I criticized and made accusation that the personnel of the AAA Cotton Control Program under the supervision of the County Agent, was not trustworthy and further that one of the Gentlemen had made certain deduction of cotton certificates belonging to my father, J. W. Brown, and that he had probably applied the differences to his personal gains.

After having the method of handling Cotton Certificates, under the Bankhead Act, and especially the two bale provision, fully explained to me, I wish to take this opportunity to make an apology to the people as well as the Personnel of the County Agent's Force for the above statement.

Yours very truly,
Henry Brown,

It always works

Just do what hospitals do, and the doctors insist on. Use a liquid laxative, and you can bring yourself to clocklike regularity without strain or ill effect.

A liquid can always be taken in gradually reduced doses. Reduced dosage is the secret of any real relief from constipation.

Ask a doctor about this. Ask your druggist how very popular Dr. Caldwell's Syrup Pepsin has become. It gives the right kind of help, and right amount of help. Taking a little less each time, gives the bowels a chance to act of their own accord, until they are moving regularly and thoroughly without any help at all.

Dr. Caldwell's Syrup Pepsin contains senna and cascara—both natural laxatives that form no habit. The action is gentle, but sure. It will relieve any sluggishness or bilious condition due to constipation without upset.

Keep Pace!

Times change. Fashions change . . . not just fashions in clothes, but fashions in beauty as well. It is the duty . . . the business . . . of every beauty shop to keep abreast of the changing trends in coiffures, skin treatment and eye make-up. We are well versed in these matters. We can help you. It will be much to your advantage to visit us.

Mayor Smith Will Press For Utility Publicly Owned

In an interview Wednesday with a Herald correspondent Mayor Smith said that he did not expect to take immediate steps to ask for publicly owned water and light utilities but indicated the matter would be brought up at the proper time.

He thinks the city may have lost its opportunity for government grant for the present but discussed another plan which could be carried out from revenue bearing bonds to secure investors for financing a system here. The well known Fairbanks-Morse Corporation may now be interested.

Government aid may depend on the coming fall election and appropriation by Congress of funds for this purpose. Mayor Smith indicated he will ascertain whether the city had lost its opportunity for a government grant.

As soon as the new Aldermen are elected in April the matter will be brought up, he indicated. E. O. Schiller, new alderman, Joe Bass and A. M. Horstmann holdovers, favor public ownership.

DAVID W. JACKSON DIES SUDDENLY HERE

The remains of David W. Jackson, 80, were sent to Girard, Kansas, for burial. Fred Jackson, a son, accompanied the remains to Kansas. Funeral services will be held Sunday.

Mr. Jackson died suddenly here Friday afternoon at 2:30 o'clock at the home of his daughter-in-law, Mrs. F. E. Jackson. Mrs. Jackson reported that her father-in-law had eaten a hearty dinner and was preparing to go to town. She found him dead in his room.

The deceased was born and reared in Girard, Kansas. He moved to Cameron about seven years ago. Surviving are two sons, Fred Jackson of Cameron; Ralph Jackson of Parsons, Kansas, four daughters, Mrs. Frank Curry, Kansas City, Missouri; Mrs. Charles Barr, Independence, Kansas; Mrs. R. D. Buncrot, Los Angeles, California; and Mrs. Alfred Sandwich, Baxter Springs, Kansas.

From The Mail Box

Mr. J. B. White,
Editor and Publisher.

This is my first writing to the Herald. The thing that makes me write is that I look over the paper as soon as I get it and find that nobody is writing anything from this community or for the farmers. The farmers are great people. They have neglected their rights and are letting the city people do their thinking for them. We farmers are sometimes like animals and there is no big mistake about it.

We farmers read and write just as well as anybody but most farmers never take the time to sit down and read and think. We just think about work, work and more work. This is the great trouble about farm people. If we do not read and write we do not know what is going on. The time is fast coming when we must do this more and more and understand the political system that affects farm people so adversely.

If conditions as they are do not stop almost every small farmer will be ruined. The government is helping and everybody else is helping, but how? They pull us up and push us down in the water tank. So we are just about to be drowned. Farmers are getting checks one right after another still we are going down. I am one myself and that is not so smart to say. The county agent put out big figures in your paper how many thousands of dollars farmers get from the government benefit payments. Nobody has yet seen fit to put out in big figures how much the farmer has had to pay out.

I got a check for destroying cotton the first year for \$21 in 1933 and I had to buy coupons next year amounting to \$28. Where is my profit? Anyone can figure the profit I got from the government benefit. This year I got \$27 and this year already I have had to buy \$50 in coupons for the little crop I sowed.

This in addition to the higher prices to have to pay for flour and all other things. When we go in the store the storekeepers are saying you farmers get big benefits from the government. The government allows me a little better than \$3 per acre. I rent them full amount of 35 per cent. That is good rent, still we are not getting it. We might get it and we might not.

We have been satisfied with whatever they give us. It is like begging as hoboes do when they come to your door for a hand out.

Yours truly,
Henry Hlavacek.

ANNOUNCES \$25-A-MONTH TIME PAYMENTS AND A NEW UCC 6% FINANCE PLAN

Any New Ford V-8 Car
Can Now Be Purchased for \$25 a Month
with Usual Low Down-Payment

THIS \$25-a-month time-payment plan enables you to buy a New Ford V-8 car through your Ford dealer on new low monthly terms.

After the usual low down-payment is made, \$25 a month is all you have to pay for any type of new car, including insurance and financing.

Your cost for this extension of credit is only 1/2 of 1% a month on your original unpaid balance and insurance. This plan reduces financing charges for twelve months to 6%. For example, if you owe a balance of \$400 for your

car and insurance, you pay \$24 for the year of credit; if the balance is \$200 you pay \$12. Your credit cost for one year is the original unpaid balance multiplied by 6%.

UCC plans provide you with insurance protection at regular conference rates. You have not only fire and theft insurance, but \$50 deductible collision, and protection against other accidental physical damage to your car.

The Universal Credit Company has made these plans available through all Ford dealers in the United States.

BURLINGTON H. D. CLUB

"In planning the home food supply, the first step is to plan a food budget, that is, to make a list of the kinds and amounts of food needed for a year by the family."

"The planning of a farm food supply for a period of five years or more for a family of five is a one-half acre orchard plot, two cows for dairy supply, 60 laying hens and a one-half acre plot for garden."

This was the literature Miss Bertha Fae Strange, our agent, gave us on the subject "Presenting the year's work on vegetable cooking and making a daily food budget," at our regular meeting held in the home of Mrs. T. Vogelsang January 30th with 15 members, one new member, Mrs. Clanton and one visitor, Miss Pauline Nolan, present.

Before turning the meeting over to Miss Strange, the club decided on giving a forty-two party on Friday night, February 14 at the public school house to raise money for the treasury.

The next meeting will be held February 13 in the home of Mrs. Leo O'Neill. Visitors are always welcome. Elizabeth Helpert, Reporter.

Life We Live Is Theme For Talks At Club Meeting

"Commit something good to memory, look for something pretty, and do a kind deed each day," were three good maxims brought out by Mrs. Kay Moore in an interesting talk on "How Cheerful is the Life We Live?" at the meeting of the Bryant Station Home Demonstration Club Thursday, January 30 at the home of Mrs. Charlie Lively. An instructive display of dress materials was studied under the supervision of Miss Zeta Mae Talley.

Fruit cake and coffee were served by the hostess to the six members present. The next meeting will be held February 13th with Mrs. H. L. Colbert, at which time Miss Strange, County Home Demonstrator, will give a practical plan for providing adequate storage space for the family clothing. New members and visitors are extended a special invitation to attend.

Mrs. H. L. Colbert, Reporter.

SHOWER FOR BRIDE

Miss Berenice McLerran was hostess Monday evening for a miscellaneous shower complimenting Mrs. Hugh Walker, who before her recent marriage was Miss Maxwell Tarver.

Bridge and forty-two were enjoyed by the guests for a season, concluding with the serving of cake and coffee. Souvenirs were attractive decorated heart-shaped boxes containing heart-shaped candy that fitted in the box, which were tied with tiny white satin ribbons with cupid arrows bearing the names of "Maxine-Hugh."

A decorated table was brought in laden with pretty gifts which the honoree untied, and in her own sweet manner, thanked each giver. Gifts consisted of glassware, china, pictures, linens, and many attractive and useful articles for housekeeping.

Guests were asked to write wishes in the hand-made book for the bride. Many original and clever wishes were expressed therein.

Mr. and Mrs. Walker were married in Bryan a few weeks ago, and Mr. Walker is remaining in Bryan where he will receive his degree from A. & M. College in June, when they will move to Dallas where his people live.

Keep a Good Laxative always in your home

Among the necessities of home is a good, reliable laxative. Don't be without one! Do your best to prevent constipation. Don't neglect it when you feel any of its disagreeable symptoms coming on. "We have used Theodor's Black-Draught for 21 years and have found it a very useful medicine that every family ought to have in their home," writes Mrs. Perry Hicks, of Belton, Texas. "I take Black-Draught for biliousness, constipation and other ills where a good laxative or purgative is needed. I have always found Black-Draught gives good results."

Sold in 25-cent packages.

Raby Hill Case Records Filed In High Court

Records in the case of Raby Hill were delivered to the Court of Criminal Appeals, Austin, on February 1, by District Clerk Penn Wolf of Cameron.

Raby Hill was tried in district court here in October for the murder of George Richards, city nightwatchman, September 22, and given a 99 year prison term. Notice of appeal to the higher courts was given.

District clerk Wolf said that this transcript in the Hill case was the largest ever prepared in civil or criminal cases in the Milam County courts. The transcript had 347 pages and contained approximately 135,000 words.

CARD OF THANKS

I wish to thank the people who have been kind and helpful to me during my great bereavement and illness. My home has been under quarantine and the people and neighbors have been most considerate. To those who came to help during the illness and death of my beloved wife I extend heartfelt thanks.

BILL TUBB, RESIDENT MANAGER

There's a month of steady cold plus a Blizzard on your present Gas Bill!

Gas service statements being received now include the season's worst blizzard. In addition to this period of unusually severe weather there was not a single day from the middle of December to the middle of January when heat was not required. This is one reason statements covering this period are higher.

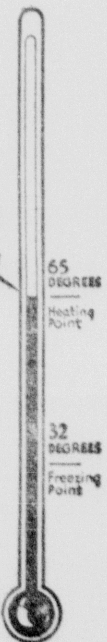

Another reason is the Christmas Holiday season. During this season extra gas was required for entertaining, extra cooking and for the comfort of house guests.

During this continued spell of steady cold weather your gas company has been alert to its responsibility of having sufficient gas at all times for every need. From the many hundreds of wells in the many fields where the supply originates, on along thousands of miles of pipe-line system are employees with years of experience in giving service and seeing that the gas supply to every home is adequate at all times.

So when you receive your statement this month, consider what you receive for the amount you pay for househeating, cooking and hot water service. Compare the healthful comfort, convenience, service and leisure hours you have bought with the price of anything else you purchase. You'll find that your gas service is the least expensive of anything you buy—and the greatest value.

Down where the "Heating" Begins

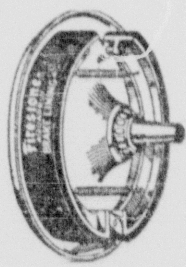

When the temperature drops to 65 degrees or lower, heat is needed for comfort. During the past 30-day period, each day's mean temperature was well below 65 degrees, with some days far below freezing temperature. Please consider this when comparing your present gas bill with previous ones.

CHAPEL PROGRAM

The Buckholts School students enjoyed a very educational chapel program a few days ago. It was presented by the seventh grade. The program consisted of themes on important events connected with January, and biographies of well-known men who have birthdays in this month. A biography of Benjamin Franklin was the most important story because the chapel program was given on his birthday. The legend of how January got its name was also very appropriate.

MID TERMS

Mid-terms are almost here. Two days to worry and study; and then we must test our knowledge. Why are there so many faces deep lined with anxiety and care? Probably because books have not been opened enough during the past semester. How some will wish they had worked their algebra and learned their history, before this week! For those who are diligent students all the year, the coming examinations will not be difficult; however, no one will be sorry to see this week safely past. Will

resolutions to really study the next half be broken or kept? Let us try to keep them.

4-H CLUB

"To get a good stand of vegetables good seed must be used. Old seed carried over from previous season cannot always be relied upon to feed the family," said Miss Bertha Fae Strange at a recent meeting.

Buckholts girls are rapidly approaching their goals. Almost all the girls have put out grape or berry vines and some of them have put out both. Several girls have made hot beds for their tomato plants. All the girls seem greatly interested in their work and it is believed that most every girl in the club will reach her goal.

The next meeting is to be in the home of Jane Phillips under the direction of Miss Strange, on Friday, February third.

TO HAVE SCHOOL SATURDAYS

The Buckholts School will have school every Saturday during February because of the week lost after Christmas for meningitis. The pupils

do not like the idea but it must be carried out anyway. The classes are cut short and school begins at 8 and is dismissed at 2:30.

BASKETBALL

Thursday night, January 23 three basketball games were played on the Buckholts court. The games were those of the Junior girls, Junior boys and Senior boys. The opponents were Jones Prairie. The outcome: Junior girls, Junior boys and Senior boys of Buckholts were victorious. High point man for juniors was I. B. Allen, scoring 13 points. High point man for seniors was Filfred (Buck) Luksa, scoring 8 points. The members of the teams are:

Girls—Guards: Leona Zawadzke, Myrtis Martin, Genevieve Walschak, Doris Hinson; Forwards: Jane Phillips, Wynell Blankenship, Annis Schiller, Sylvia Zajicek, Helen Newton.

Junior Boys—Jack Blankenship, I. B. Allen, Fred Allen, Leroy Rubecka, John Goodwin.

Senior Boys—Wilfred Luksa, Leonard Groppe, Ray Gann, Rudolph Krall, Albert Zajicek, Louis Groppe and George Patillo.

News From Milano

Cold weather, sleet and rain, kept a large majority of Milano folks in doors last week huddling around fires, catching up with their sleep and reading until Friday night when the teachers turned out to a teachers' meeting at the school building. If there is anything to the groundhog sign, we are to have some warm weather soon, for he failed to see his shadow Sunday when he came out, and tradition tells us that this is a sign that winter is about over.

The sewing room formerly operated by Mrs. Albert Parrott has been closed and she and family have moved back to their farm. We regret losing Mrs. Parrott, and hope some one will take up the work and carry it on.

Mr. and Mrs. Robert Woods of Somerville were Sunday guests in the H. Holdins home.

Mrs. Jack Williams of Houston was visiting her father and grandmother here last week, Edgar Miller and mother.

Mrs. Jim Baggett and little James Leser Pruitt returned home from Sugarland, where they spent last week visiting a sister, Mrs. E. C. Smith.

Mrs. Cenia Woods of Somerville was a guest in her brother's home Sunday, J. T. Sims.

Mrs. Mattie Pinkerton who had spent the last two months in Enid,

Oklahoma, was a guest of her daughter here, last week and reported it had been very cold in Oklahoma this winter with lots of snow.

Mr. and Mrs. Lester Johnston of Alexandria, Louisiana, are visiting their sister here, Mrs. Oliver Arnold.

Mr. and Mrs. F. W. Hooker and boys have returned home from west Texas where they spent two weeks visiting a daughter and sister.

Mr. and Mrs. Luther Hughes were Temple visitors Friday. They went to see Mr. Hughes mother who was very sick.

Mr. Yardley arrived in Milano Thursday. He came as the new mail carrier. He came from Ben Arnold,

and will soon move his family here to make their home.

Mr. and Mrs. Dudley Caldwell of Cleburne spent the week end here in the home of J. T. Robinson.

Several from Milano attended the Ashley funeral at Liberty Thursday. Mr. and Mrs. Ashley have the sympathy of this little town in their bereavement.

Mr. and Mrs. B. F. Sims and baby of Thrall spent a few days recently with their parents, Mr. and Mrs. J. T. Sims.

Mr. and Mrs. Horace White and Jodie Haddox have returned home from Dallas where they spent a few

days visiting.

Miss Alice and Bessie Brennon were Minerva visitors recently.

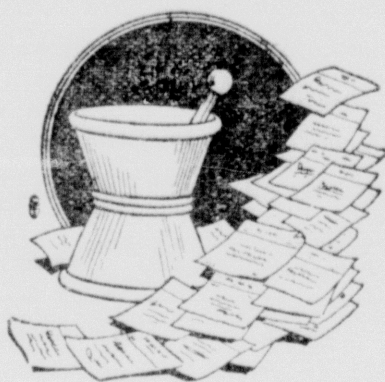

Mr. and Mrs. Charlie Bramer were Waco visitors last week.

IN MEMORIAM

The teachers and pupils of Ada Henderson School wish to express their sorrow at the death of I. J.

Braden. More especially do the members of the 5A class feel his loss, because they were his classmates. He was their friend, and they will miss him greatly. The entire school joins them in extending sincere sympathy to the Braden family.

COUNTY MEET

Preparations are being made for County Meet. Miss Jenkins has spelling; Miss Alday arithmetic; Miss Mantor and Miss Moore are taking declamations; Miss Schiller has picture memory; Miss Clements has music memory; Miss Sproull and Miss Batte have boys baseball; Miss Robbins has girls baseball, and Miss Miller has story telling.

This year we will have to go all the way to Rockdale to get first place but all the same we will return with that blue ribbon for Ada Henderson.

BOY SCOUT NEWS

The Boy Scouts met in a regular meeting at the Masonic Hall at 7 last Friday night. There were sixteen scouts present, including three new members who are Grady Baskin, Wayland Kidd and Wiley Pringle. The Black Cat Patrol reported twenty more points toward the winning of the contest, making a total of 120 points for the Black Cats. Those points were made by Jim Baskin who passed woodworking merit badge and Allen DuBois, who bought a hat. The Flying Eagle Patrol reported fifteen points more toward the contest. They were made by Joe Bill White, who purchased a hat. The Texas Power & Light Company were generous in letting us have one of their show windows for scout exhibits. The two patrols are going to exhibit things or articles made by themselves. The troop committee will decide which is the best exhibition. The winning patrol will receive 100 points toward the contest, while the others will receive 50 points for trying. The patrol leaders are instructed to call a special meeting some night so scoutmaster Haygood could help them make some rope to put on exhibition. Next Friday night the members will meet at the Masonic Hall where registration cards will be given and tenderfoot badges awarded before the lodge.

Newton

(Continued from page 1)

facular Calvary campaigns in the annals of military history. Former State Senator, Seth P. Mills, of Waco, served in the Confederacy as a soldier in the battalion of Major Newton.

In 1900, Dr. Newton, a young physician, moved to Milam county and settled at Buckholts. There he entered practice and during his residence in Buckholts he became interested in the development of the business interests of the community. He organized and founded the Buckholts State Bank which until this day is still in operation and a testimonial to his business leadership. He also organized the Buckholts Mercantile Company. For a brief period he owned and operated a hospital in Buckholts.

In 1913, realizing the need for a large hospital in Milam County, he moved to Cameron and built the Cameron Hospital which is a three story modern fireproof structure costing about \$100,000. On the completion of the hospital in 1914, Dr. Newton entered a partnership with Dr. Eduard Rischar, noted surgeon.

Dr. Newton is a member and past president of the Milam County Medical Association; Member of the Texas Medical Society; member of the American Medical Association and a Fellow of the American College of Surgeons.

Dr. Newton inherits a strong Democratic faith and is past Chairman of the Milam County Democratic Committee. He has been a member of the Cameron School Board for the past ten years and is now serving his fourth successive term of two years each as Milam County Health Officer.

An early advocate of the Old Age Pension, Dr. Newton says it must be paid and that no eligible Texan will be left off the roll. Payment of the Old Age Pension is one of the announced intentions of his candidacy. Dr. Newton thinks it imperative that Texas Democrats rally to the standard of President Roosevelt and support his administration. His sym-

pathy with farmers and friendship for organized labor will dictate his support of any legislation for their welfare.

During his 36 years of residence in Milam County, he has been closely identified with business and farming. When he can spare the time from his profession he goes to his ranch in Eastern Milam County with its frontage along the Brazos, or sows wheat or other grain on his farm. Until recently, Dr. Newton owned several kennels of celebrated Walker Fox hounds and among his trophies are a number of silver cups won by his dogs in state competition. He is a widely known sportsman, and like his friend, the Reverend B. B. Crimm, loves the chase. In religion Dr. Newton is a Baptist and a member of the First Baptist Church in Cameron.

In 1906, Dr. Newton married Miss Matilda Mondrik, daughter of the late Joseph Mondrik, Sr., pioneer settler and farmer of Milam County. They have six children as follows: Dr. W. R. Newton, Jr., a practicing physician and surgeon in Cameron, Geo. Mayo Newton, member of the Legislature from Milam County, Miss Mary Newton, a student in U. T. to graduate this year; Frank Newton, student in the Schriener Institute at Kerrville; Miss Nancy Newton, student in the College of Industrial Arts at Denton, and Miss Josephine Dreis Newton, student in the Yoe High School in Cameron.

Maysfield Farmers Talk Cattle Problem

How to prevent and control the common diseases of dairy and beef cattle was discussed at the Maysfield farmers school Monday night. Sixteen farmers were present. The group discussed in detail the causes, symptoms, prevention, and treatment of blackleg, pink eye, abortion, milk fever, and a number of other ailments common to cattle in this area. E. D. Parnell, Cameron teacher of vocational agriculture, led the discussion.

The group decided to continue the discussion next Monday night, and with other common diseases and parasites being used as a basis for discussion. E. A. Perrin, Cameron School Superintendent, was a visitor Monday night.

Farmers in attendance included Tom Floyd, V. N. Thweatt, Floyd Phillips, H. H. Hartsfield, E. A. Cauthen, J. C. Cauthen, R. C. Henslee, J. B. Aycock, H. W. Massengale, Bill Thweatt, Jim Francis, Willard Cooper and Clayton Aycock.

Moody

(Continued from Page 1)

"Nig" was one of the great stars of Yoe High football. He is a graduate of Yoe High School and a native Milam county boy.

"I am asking for this job because I want promotion. I have worked hard and for ten years I have been on my truck with the Texas Company. I feel that I am qualified and I know I will work hard to please the people and do the job right," said Nig in making his announcement.

For the past ten years he has been with the Gaither agency of the Texas Oil Company associated with W. B. Skelton here. He is the son of Mr. and Mrs. Wallace Moody, pioneer residents of this county. He is a young man with unusual business experience and while asking for promotion he wants the people to know that he would not ask for it if he was not sure he could fill the place with credit to the office.

Mr. Moody will make an active canvass for the office and plans to see as many voters as possible during the next few months. He sends his greetings to friends over the county and asks them to lend their support to his candidacy.

He has never offered for public office. After graduating from high school in Cameron he went to a job with the Texas Company and for the past ten years has served the agency here. In this way and in other ways he has gained much valuable clerical details that will qualify him for the place he seeks.

Pending the time he begins to make an active canvas Mr. Moody assures his friends that anything they can do to further his cause will be greatly appreciated.

Cases Sent To County Court

The following cases have been set for trial in district court:

A. W. Leyendecker, three cases, murder, failure to stop and render aid, and driving a car while intoxicated, set for February 24.

Jack Crain, two cases of assault to murder, one case of burglary and one case of felony theft, set for February 7.

Erskine Hill, driving a car while intoxicated, set for trial February 17.

O. J. Cunningham, assault with intent to murder, set for February 17.

Judge John Watson is numbered among the sick people of Cameron this week.

in Cameron. He was born and reared in the Rockdale community and has lived on his farm for many years. He is well known over the precinct from whose voters he is asking this honor. Mr. Longmire, his friends and supporters point out, is well qualified for the place he asks and if elected will give them service in every department of the job.

He has been a close observer and is both a good business man and farmer. He knows the needs of his district and has had experience that fits him for the duties he must discharge as County Commissioner.

Mr. Longmire appreciates the many who have come to him to pledge their support. He would consider it a great privilege to serve the people of his precinct.

He plans to make an active campaign but in the event he does not see each voter personally he takes this means of asking for their support. He asks his friends to lend their aid to his campaign assuring each one that anything they do will be greatly appreciated.

Mr. Longmire pledges the people he will distribute the road funds so as to give all sections as near as possible returns on the tax money paid. He would be very careful to get full value for all money expended.

1250 Polls Paid In Cameron For County and State

Bill Alex Bonds, collector of taxes, reported to the Herald late Tuesday that a total of 1250 polls had been paid for precinct No. 1 for county and state elections. This figure includes the exemptions issued.

Other precinct figures will be available soon and will be printed in the Herald.

Joe Penner Tops Bill At Cameron In "Collegiate"

Two years ago Joe Penner was just another vaudeville comedian, traveling the circuits from coast to coast and putting on his "Wana buy a duck" act three times a day.

Today, after one of the most remarkable rises to stardom in recent theatrical history, Penner is one of the nation's favorite comedians, star of both radio and the screen. His second picture, Paramount's "Collegiate," cinematic festival of comedy and song, opens on February 9 at the Cameron Theatre.

Penner likes Hollywood so well now that he intends making his home there. He confesses that he went to the movie capital with a chip on his shoulder. Theatrical people had always told him that he would have to fight for everything he got in Hollywood, but he now says they were all wrong.

"I have yet," he declares, "to find anyone in motion pictures I do not like." Everybody in Hollywood has been swell to me."

Penner was born in Hungary. His parents came to America when he was a child and his father went to work in a Detroit automobile plant. In school Joe studied the violin and

was a choir singer as a boy. He worked for a time in the same factory where his father was employed but his abilities as an entertainer were evident from the start, and he was in vaudeville before he was out of his teens. He worked in tent shows, vaudeville and even burlesque before the major theatre circuits got him.

Though he is one of the nation's favorite comedians, Penner has never made a hit on Broadway. He was placed in two different Broadway shows but they both flopped. It was not until 1933 that he became famous. Rudy Vallee talked Joe into making an appearance on the radio. The response was so great that within three months Penner had a radio program of his own.

Featured with him in "Collegiate" are Jack Oakie, Frances Langford, Ned Sparks and Lynne Overman.

OPEN NEW HOME

Mr. and Mrs. W. B. Denson opened their new home to a number of guests on Friday night. The Adult class of the Christian Church held a business meeting, presided over by the president, Mrs. Vada Walters. Miss Virginia Beard, who leaves son for business school was honored with a handkerchief. Games of forty-two were enjoyed.

At Cameron Sunday

To My Friends and The People

On Tuesday I was re-elected City Marshal of Cameron. I take this method of expressing to one and all my appreciation for their aid and support in my race.

I promised the people I would make them a good marshal. I have always tried to do my duty. The fine vote given me is very gratifying and your good will helps me to justify your confidence and I want to ask the co-operation of all the people.

Those who voted against me I consider my neighbors also and I hold no ill will. I invite the people to stand by me in the discharge of my duty. The day will never come when I fail to respond to every call of duty.

With grateful appreciation, I am,

Yours sincerely,

Gene Smith
